

# Quality Policy

It is the policy of Colsec Ltd (including Servacool) to establish and maintain its position as a leader in the manufacture of quality coldstores and associated products.

To that end, we will manufacture, supply, install, service and maintain coldstores to the very highest quality standards to exactly meet our customers' specified requirements.

We recognise that quality has to apply to far more than simply the product. It must apply to every aspect of our business. It will be visible in every action that we take. It should be evident in all dealings with our employees and people outside the Company and also in the personal relationships within Colsec and Servacool.

However good we may believe our quality to be, we shall continually strive to set new and higher targets for achievement.

The names Colsec and Servacool must always stand for excellence to customers, our suppliers and to us.

On behalf of the Directors of Colsec Ltd

Tim Bristow
